

Basic and Pro Se Guardianship

Presented by Guardianship Associates of Utah

What is guardianship and why is it important? Did you know that all children who turn 18, the age of majority, are considered adults even if they have disabilities? Come to this presentation to learn about guardianship and if you will need to file for it, what types of guardianship are available, and what the process entails. Also, families will receive instruction on the required court documents. Families will also learn how to file the documents with the court and how to represent themselves at the hearing.
